TEAR OR CUT HERE

Cut to square
and start with
wavy side up.

Fold diagonally,
then unfold.

Fold diagonally the
other way, then unfold.

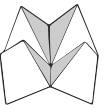

Fold corner into the center (don't
unfold). Do the same for all four corners
to make a smaller square.

Flip it over and repeat —
fold all corners into center to
make a smaller square.

Fold in half horizontally and insert
index fingers and thumbs
into the flaps — viola!

HOW TO PLAY

1. PICK A COLOR. Open and close the fortune teller as you spell out the word. For example, if you choose pink, you'll open and close 4 times: P-I-N-K

2. PICK AN ICON. Open and close as many times as directed by the number below the note.

3. PICK A FRUIT. Open the flap to reveal 2 fortunes. You're almost there.

4. PICK BLACK OR WHITE. Whichever you choose will be your fortune, so choose wisely!
